

## GREENS PROGRAM

From the golfer's perspective, great greens are key to a good golf course experience. As long as the greens are in good condition and the balls are rolling well, golfers are happy. The Huma Gro® Turf Greens Program can help put your course well on its way to greens excellence.

Mix the following ingredients and apply to areas needing treatment.

Product Mix	Per 1,000 sq. ft. (per 100 sq m)
<p><b>DENSITY</b></p> <p><b>BREAKOUT®</b> Powered by Micro Carbon Technology® (MCT), BREAKOUT® increases root mass and turf density with a unique blend of nutrients and the stimulation of the natural plant hormones.</p>	<p><b>3 oz</b> (105 mL/100 m<sup>2</sup>)</p>
<p><b>COLOR</b></p> <p><b>TURF IRON™</b> Powered by MCT, TURF IRON® promotes rich green color without the vigorous growth.</p>	<p><b>3 oz</b> (105 mL/100 m<sup>2</sup>)</p>
<p><b>HEALTH</b></p> <p><b>MULTI-PURPOSE™</b> MULTI-PURPOSE™ powered by MCT improves soil health to optimize nutrient uptake in turf.</p>	<p><b>3 oz</b> (105 mL/100 m<sup>2</sup>)</p>
<p><b>BALANCED NUTRITION</b></p> <p><b>TURFPLEX® VII</b> A balanced nutrient package: 7-7-7 + S, B, Co, Cu, Fe, Mn, Zn. This balanced package powered by MCT gives turf the nutrients needed for optimal response to all turf and soil programs.</p>	<p><b>3 oz</b> (105 mL/100 m<sup>2</sup>)</p>

Can be treated every 14 days as needed. Saturate the turf but do not drench.

Products contain **Micro Carbon Technology®**, a proprietary blend of very small organic molecules that allow for more effective absorption of nutrients by plants.
