

# TURF IRON™

## GUARANTEED ANALYSIS 12-0-0

Total Nitrogen (N) .....	12.00%
12.00% Urea Nitrogen	
Sulfur (S) Combined .....	4.00%
Iron (Fe) .....	8.00%

Derived from: Urea, Ferrous Sulfate

### ALSO CONTAINS NON-PLANT FOOD INGREDIENT:

10.5% Organic Matter (derived from Leonardite)

## DIRECTIONS FOR USE

- Shake well before use.
- Designed to be applied by both soil and/or foliar application.
- TURF IRON™ supplies iron, nitrogen, and sulfur to turf and ornamentals and should be applied when turf or ornamental tissue and soil analysis identifies the need and proper rate of application for this product.
- Best results will be obtained when application is concentrated in the active root zone or on the leaf surface.
- Can be applied in combination with compatible plant growth regulators, pesticides, or other liquid fertilizers.
- If compatibility is in question, jar test a small quantity.
- Apply foliar sprays with sufficient water to ensure uniform coverage without running off leaf surfaces.
- Do not apply this product foliarly in concentrations greater than 5%.
- For maximum results, apply in the early morning or in the evening when air temperatures are optimum for foliar application.
- Do not apply HUMA GRO® TURF nutrients during the hottest time of the day or to plants under drought or flood stress.
- Application timing, intervals and rates may vary according to turf or ornamental requirements, stage of development, available nutrient levels in the soil, and overall nutritional status of the plants.
- Applications can be made as often as every 7 to 10 days as needed.
- Consult your local HUMA GRO® TURF Representative or other turf or ornamental specialist for recommendations.
- Do not store this product below 10°C (50°F) or above 30°C (90°F).

This product is intended as a supplement to a regular fertilization program and will not, by itself, provide all the nutrients normally required by turf and ornamentals.

### STORAGE AND DISPOSAL:

Keep product in original container. Do not transfer into food or drink containers. Triple rinse when empty for recycling. Always dispose of container in accordance with local, state and/or federal regulations.

## METHOD OF APPLICATION
